You are our God

Unfailing love You have covered us

Will be guided by Your hand in all their days  
You are our strength; our fortress  
You are our God

## Bridge

**C**                                  **G/B**  
Your love is rolling over mountains  
**Am**            **F**  
Over vast seas to get to me  
**C**                                  **G/B**  
Your love is roaring, charging forward  
**C/E**            **F**  
To pick me up when I'm on my knees
